NEW: Data Exchange Implementation Webinars Posted in Data Reporting Training Moodle course

**Public schools: Preparing for Data Exchange Implementation webinar
10.28.20**

**Non-Public Schools: Preparing for Data Exchange Implementation webinar
10.27.20**

+++++

**Remains Unresolved: Unable to Join Google Currents
Data Exchange Community Forum**

At this time the functionality for new members to **join** our Google Currents Data Exchange Community Forum is unavailable. This issue has been reported to our IT department for investigation and resolution. As soon as this issue is resolved, any tickets and/or email and phone inquiries will be responded to. For those that were able to select the Join button but have not been approved for membership, this functionality is also impacted. As soon as this issue is resolved those requests will be approved. We are thankful for your desire to keep abreast of data reporting guidance and are working to rectify the situation.

In the meantime, be advised that Mid-Week Announcements are posted to the [Data Reporting Help](#) page each Wednesday. Select the Announcements tile to access both current and historical announcements.
